Good evening,

This month we have seen 6 Burglaries in the area and 1 theft FROM a vehicle. This is relatively the same as the year previous. NPT Rural completed Burglary and Theft of vehicle patrols during the early hours of the morning on foot in plain clothes to try capture crime in the progress. During this time, it was a negative gain but there were also NO reported burglaries or thefts during the overtime also.

On Thursday 17th November – I was completing overtime as part of the safe scheme. Whilst patrolling Hollin Drive estates, I arrested 2 individuals who were linked to a failed police pursuit causing a large crash on the M1 above the Hollin Drive estates. This was a great success, and the result wouldn't have been as such without the overtime from the safe scheme!

PC 6254 Varley (RPU) reports:

At 11:30 - 14:00hrs on Wednesday 30th November 2022 I have attended the Crigglestone area for patrol in relation to the Safer Scheme. I had been asked to pay particular attention to Cliff Road. I have conducted static speed checks at this location and had the following results:

4 x warnings - exceeding 30mph (between speeds of 31-35mph)

This location at this time was extremely quiet with very few vehicles passing.

Static speed checks also conducted on Denby Dale Road:

1 x TOR - exceeding 30mph (52mph)

6 x warnings - exceeding 30mph (between speeds of 31-35mph)

Incident of note:

A confirmed cloned vehicle was sighted heading south on the M1 J40 believed to be heading to J39. I have followed the vehicle into the Woolley Edge Services. The vehicle has then made off driving the wrong way up the motorway and exited at J39 Denby Dale Road. Area search conducted. Crime recorded for driving dangerously and enquiries are ongoing.

PC 6 Bastow reports:

I have attended the following locations as part of the Wakefield Safer Scheme as directed:

DURKAR LOW LANE between 1230 hours and 1315 hours

Results:

4 verbal warnings for speeds between 31-34mph.

3 residents approached to say thank you for attending.

DENBY DALE ROAD 1315 hours to 1345 hours

Results:

8 verbal warnings for speeds between 41-47mph

1 TOR for speed of 50mph

Whilst at DURKAR LOW LANE there was limited vehicles passing and the majority of vehicles were well below the speed limit.

PC342 Firth Reports

On Thursday 17th November 2022, Between the hours of 5pm and 7pm I attended to Crigglestone to complete safe scheme overtime.

During this time, I attended the following areas

Daw Green - No one present.

Painthorpe Lane, No problems

Copeworth Drive - Youths present but playing no problems.

Fish Ponds estate - No issues

Denby Dale Road/Durkar Lane/Durkar Low Lane - No issues raised.

St James Estate - No one present.

Hollin Lane/Drive - No Normal issues.

Whilst I patrolled Hollin Lane Estates, I attended to GROVE PARK and two males were identified to me as being involved in the RTC on the M1 just above Hollin Lane. I detained both of them and arrested them for - Failing to stop during a police pursuit, dangerous driving, OPL through cannabis, Burglary and Theft of Motor vehicle which happened outside of Crigglestone.

This would not of had the positive result it had without being part of the safe scheme overtime. Without being present during this overtime, these two males would most likely have evaded Police - this was great right time right location situation.

PS 6851 Rhees-Cooper Reports.

On Thursday 17th November 2022 between 2100hrs and 2330hrs I conducted safe scheme for CRIGGLESTONE.
